

## PRO-LINE BOATS INTRODUCES THE 32 EXPRESS CRUISER

### **For Immediate Release**

CRYSTAL RIVER, FLA. (August 28, 2008) – Pro-Line Boats leads the industry with the new 2009 32 Express Cruiser (EC). Drawing from more than forty years of experience in building state of the art vessels, Pro-Line has created a premier fishing and family entertainment boat that redefines comfort, style and fishability.

“The 32 EC combines all of the great features of our 32 Express with an enclosed helm area and more,” said Pro-Line General Manager, John E. Walker. “With the ability to heat and air condition this area, you can boat anywhere, anytime – this is the perfect boat,” Walker added.

The 32 Express Cruiser features a pilot style helm area with 6’4” headroom and is designed with full salon amenities. The enclosure has two window side vents, a forward power vent, and two opening sunroof panels. The boat comes with a canvas aft enclosure or an optional rear bulkhead with two sliding windows and a locking door. The helm has ample seating, a fresh water sink and with the optional ice maker, this boat can cruise in luxury. The standard cabin comfortably sleeps four and the optional tournament cabin sleeps six. In the cockpit, there is a standard 20 gallon live-well, along with large fish boxes and abundant rod holders and rod storage – this is a serious fishing boat.

The 32 Express Cruiser provides a refuge from the heat on hot sunny days along with a protective environment on cooler days or in colder climates. Like every Pro-Line, the 32 EC is built for the love of fishing and overall boating functionality for serious anglers.

### **About Pro-Line Boats**

Based in Crystal River, Fla., and owned by American Marine Holdings, Pro-Line Boats tops the industry in quality, dependability and customer satisfaction. A National Marine Manufacturers Association-Certified Boat Builder, Pro-Line builds each boat with a 32-point inspection process and has been named a recipient of the 2007 Marine Industry Customer Satisfaction Index (CSI) award for excellence by the National Marine Manufacturers Association (NMMA) for the seventh consecutive year since the inception of the program.
